Latam Corporate Bond

Data as of January 25, 2019

Investment policy

The Latam Corporate Bond Fund seeks to maximise total investment return, using a strategy consistent with preservation of capital and prudent investment management. The Fund aims to achieve its objective through a combination of interest income, capital appreciation, and currency gains by investing in a portfolio of fixed and/or floating-rate debt securities and debt obligations issued by government and government-related issuers or corporate entities worldwide. The fixed and/or floating-rate debt securities and debt obligations in which the Fund may invest include investment grade and non-investment grade securities.
